

COURSERA LAUNCH AT MRCET: A MILESTONE IN DIGITAL LEARNING

The collaboration of MRCET with Coursera, the global online learning platform is to usher in a new era of digital learning and skill acquisition for students, directly aligning with the needs of the evolving global job market. The courses were launched on March 1, 2024.

As industries worldwide continue to undergo digital transformation, the demand for skilled professionals in areas such as artificial intelligence, data science, and information technology is at an all-time high. Recognizing this shift, MRCET has taken a proactive step to bridge the gap between traditional education and the demands of the modern workforce by partnering with Coursera.

Through this collaboration, students of MRCET will gain unprecedented access to courses designed and delivered by some of the world's leading universities and corporations. This not only broadens their learning horizons but also provides them with internationally recognized certifications that are highly valued across industries and countries.

Moreover, the partnership is designed to be inclusive, extending benefits to the faculty and administrative staff of MRCET. By enabling them to upskill and stay abreast of the latest developments in their fields, the initiative ensures that the benefits of this digital revolution permeate every level of the institution.

MRCET is a beacon of academic excellence and innovation in Hyderabad, offering B.Tech and MBA courses. With a legacy of twenty years, it is renowned for its vibrant campus life, distinguished faculty, and a steadfast commitment to providing quality education that meets the demands of the ever-changing global landscape.
