## **BEST PRACTICE – 2**

## 1. Title of the Practice: ONLINE SKILL DEVELOPMENT PROGRAMMES

- **2. Objectives of the Practice:** The main objective of online **skill development** programmes are to set up a workforce that is proficient with the necessary **skills** and knowledge.
- **3.** Context: Skilled employees yield higher productivity and have the ability to work effectively and efficiently. In this context, the institute has taken initiatives to provide skill development programmes and has provided the required platform like Reference Globe, CoCubes, Times and Coursera Certification.
- **4. Practice:** All the students and faculty are provided the necessary logins for practice and conducting online exams in all related online platforms. Practice Tests and Talent Tests are conducted periodically for better assessment of the students. Using Coursera students can acquire Course Completion Certificates from World Top Universities.

## 5. Evidence of Success:

- (i) Using CoCubes, Reference Globe and Time Online assessment tools, students could perform well in placement and grabbed the opportunities. Almost 600+ placements have been achieved.
- (ii) Using Coursera Platform, almost 20000+ certifications have been completed by the students.

## 6.Problems encountered and resources required

- (i) Training of faculty
- (ii) To develop framework for conducting online skill development programmes
- **7. Outcome:** Successful completion of certification programmes from world famous universities and grabbing placement opportunities in top MNC companies.

SKILL DEVELOPMENT PROGRAMMES - COURSERA CERTIFICATIONS

# Malla Reddy College of Engineering and Technology

Continuous Evaluation Program: 2020 Batch

# **Agenda: Report Discussion**

# **Program Summary- Industry Track**

# **Quantitative Aptitude Test**

## Participation - 540

#### **Overall Recommendation**

This section is designed to assess a candidate's understanding of basic mathematical concepts, ability to work with numbers and reason quantitatively to model and solve problems. These skills are crucial in everyday work life for tasks such as:

- Interpreting, analyzing, and acting on quantitative form of information
- Modelling, solving problems in numerical terms and measuring results

#### Recommended Score: 50%

A person with quantitative aptitude will be better equipped to handle and solve the problems. Therefore, quantitative aptitude is assessed in most of the competitive exams.

## **Department-wise Analysis**

Majority of candidates are in "Need Training" category indicating need for stringent training for making them employable as per industry standards

# **Section-wise Analysis**

Geometry and Mensuration & Ratios and Percentage are the key areas of improvement within Quantitative section.

#### **Time Distribution**

93% of the students have spent more than 50 minutes, this indicates the seriousness of the students

Empower Results®

it's important that the candidates and the faculty understand the significance of this exercise and execute this program under a proctored environment

# **Analytical Reasoning Test**

## Participation - 540

#### **Overall Recommendation**

41%

problems quickly independent of past experience and education. It is most important component of candidate's general **adaptability and trainability**. This section is a mixture of inductive, deductive, and spatial reasoning along with attention to details that translates to:

- Logical and structured thinking, problem solving approach
- Understanding and identifying meaningful information rom different forms of data and using it appropriately for business purposes

Recommended Score: 55%

## **Department-wise Recommendation**

Majority of candidates are in "Need Training" and "Need Practice" category indicating need for stringent training for making them employable as per industry standards

## **Section-wise Analysis**

Critical Reasoning & Logical Reasoning are the key areas of improvement within Analytical section.

#### **Time Distribution**

83% of the students have spent more than 50 minutes, this indicates the seriousness of the students

it's important that the candidates and the faculty understand the significance of this exercise and execute this program under a proctored environment

# **English Usage Test**

### Participation - 501

#### **Overall Recommendation**

This section is designed to assess a candidate's ability to understand the language in written form. This would mean being **able to correctly and minutely read, understand and interpret a text in meaning and form in a time bound manner** culminating in:

- Adequate comprehension of and response to business communication such as emails with clients and customers
- Internal communication with team and other stakeholders

Recommended Score: 55%

# **Department-wise Recommendation**

# **Section-wise Analysis**

Sentence Correction& Phrases, Idioms, and Sequencing are the key areas of improvement within English section.

#### **Time Distribution**

Only 25% students spent more than 40 minutes, this indicated the discomfort and lack of seriousness among students

Empower Results®

it's important that the candidates and the faculty understand the significance of this exercise and execute this program under a proctored environment

# **Employability Aptitude Test**

# Participation - 501

#### **Overall Recommendation**

Aptitude is defined as an Innate, learned, acquired, ability of an individual to perform certain tasks, aptitude tests inculcate many factors like Numerical Reasoning, Verbal Ability and Logical Reasoning, and other such abilities

Recommended Score: 55%

## **Department-wise Recommendation**

Majority of candidates are in "Need Training" and "Need Practice" category indicating need for stringent training for making them employable as per industry standards

### **Section-wise Recommendation**

#### **Time Distribution**

95% of the students have spent more than 50 minutes, this indicates the seriousness of the students

it's important that the candidates and the faculty understand the significance of this exercise and execute this program under a proctored environment

# **Computer Programming**

## Participation - 500

## **Overall Recommendation**

# **Department-wise Performance**

#### At a Glance

#### CoCubes

#### Assessment +

200 assessments+ Domain Tests, Cognitive Ability, **Programming Skills** 

#### 220+ clients

Largest online retailer in India Largest IT company in India 3 out of 5 of the largest automobile companies

Over 100 IT/ITES firms

#### **Continuous Evaluation**

Measure & improve employability
