

MALLA REDDY COLLEGE OF ENGINEERING & TECHNOLOGY

(Autonomous Institution – UGC, Govt. of India)

(Affiliated to JNTU, Hyderabad, Approved by AICTE - Accredited by NBA & NAAC – 'A' Grade - ISO 9001:2015 Certified)
Maisammaguda, Dhulapally (Post Via. Kompally), Secunderabad – 500100, Telangana State, India.

BEST PRACTICES

2019 – 20

BEST PRACTICE – 1

1. Title of the Practice: ONLINE STUDENTS FEEDBACK SYSTEM

2. Goal: To obtain an online feedback from our students about teaching and non-teaching faculty members, facilities and resources provided to them. To bridge the communication gap between students and faculty members. To provide an opportunity to faculty members to enhance their teaching skills. To receive suggestions from students for strengthening the teaching learning process and overall academic environment in the college.

3. The Context: Our Teachers do prepare for the classes they conduct throughout the semester. But sometimes they might not give a thought on how to convey a subject to students. In that case, even though the teacher is knowledgeable, competent and sincere, his efforts for communicating a topic to students go in vain. Unless such issues are brought to the notice of the concerned teacher, he/she cannot bring required changes into his/her teaching style. That is why the 'Students' Feedback System' came into reality in our college.

Secondly, students are continuously evaluating the facilities and resources provided by the college. In fact, they are the best critics as they are the end users. This includes the library facility, sports facility, time table scheduling, and assessment, and office support, cleanliness of the campus and overall ambience. To utilize these facilities efficiently, suggestions from students are sought which are very useful. The students give suggestions through feedback in these aspects.

4. The Practice: The feedback is collected during their course of education. The feedback is taken through Google forms. IQAC obtains this online feedback and corresponds with the principal. The IQAC coordinator is responsible for sending timely observations to Heads of the Departments and coordinators regarding the feedback activity and also for generating reports and sending them to the Principal. The feedback dates are fixed when the Academic IQAC and submission of AQAR is prepared. Generally, a feedback is conducted in 10-15 days.

Students give the feedback by anonymously logging into their accounts. Students are presented with a questionnaire which they answer by selecting appropriate options. The questionnaire mainly concentrates on teaching-learning aspect of the feedback. Immediately after the feedback, IQAC Coordinator can log into account and check numerical value of their feedback. Based on the feedback report proactive actions are taken. Feedback from Alumni, Parents, Stake holders are collected using this Google apps

5. Evidence of Success: A teacher receives the feedback for a subject based on a questionnaire. After receiving the feedback, a teacher comes to know about the areas where he/she is lagging. Library has improved its collection on competitive exam related magazines and information. Sports facility is improved. The Institute campus is Wi-Fi enabled for the last 7 years. This is a result of constant demand from students through the feedback system. The Internet speed is upgraded to 200 Mbps.

6. Problems encountered and Resolved: Many students are illiterate in using internet and many of the students were facing problem. In this case we made them to access the feedback form account and also sent the feedback form to their personal e-mail ids.

7. Outcome: The feedback from our stakeholders helps us to know about our strength and weakness. The weakness points raised by them help us correct and implement right methods.

MRCET-ONLINE STUDENTS FEED BACK SYSTEM

From Students side

Student should login into ERP by username & password

Next click on Academics Tab next click on Faculty Feedback

Next click on Start Evaluation, the following page will display

The screenshot shows a web browser window with the URL `mrceterp.com/StudentLogin/Student/StudentFeedBackForEmployee.aspx`. The page header includes the Malla Reddy College of Engineering & Technology logo and name, along with a welcome message for GOURANG GIRI. The main content area is titled "Feed Back" and "TEACHER EVALUATION (1/12)". It displays employee details for M. Jayapal, R18A0503-Data Structures, CSE Department, Assoc. Professor. A table lists 8 questions for evaluation, each with a grade dropdown menu. The questions are: 1. Lecture Material/Notes, 2. Subject Knowledge, 3. Presentation Skills, 4. Students Motivation, 5. Command Over the Class, 6. Regularity/Punctuality, 7. Assignment/Question Answer Sessions, and 8. Overall Rating. A text box for "Any other Information/Comments/Suggestions" and "Next" and "Submit" buttons are at the bottom.

sno	Question	Grade
1	Lecture Material/Notes	-SELECT-
2	Subject Knowledge	-SELECT-
3	Presentation Skills	-SELECT-
4	Students Motivation	-SELECT-
5	Command Over the Class	-SELECT-
6	Regularity/Punctuality	-SELECT-
7	Assignment/Question Answer Sessions	-SELECT-
8	Overall Rating	-SELECT-

For each subject student will get set of questions. Student should select the options for each question in the drop down list.

This screenshot is similar to the previous one, but the grade for question 2, "Subject Knowledge", has been selected as "Satisfactory" from the dropdown menu. The other elements of the form remain the same.

sno	Question	Grade
1	Lecture Material/Notes	-SELECT-
2	Subject Knowledge	Satisfactory
3	Presentation Skills	-SELECT-
4	Students Motivation	-SELECT-
5	Command Over the Class	-SELECT-
6	Regularity/Punctuality	-SELECT-
7	Assignment/Question Answer Sessions	-SELECT-
8	Overall Rating	-SELECT-

After answering all the questions click on submit, next subject will come. Like this he/she will give feedback for all the subjects.

From HOD side

By using HOD credentials login into ERP

Click on Academics tab, next Reports tab. In reports tab click on Lecturer Feedback Results. The following page will display

In the above report select option Class & Semester. Next click on show details

Sample Report
