Department of HUMANITIES & SCIENCES

About the Department

The Department of Humanities and Sciences (H&S) has been established in the academic year 2004 with its main objective being “to deliver quality education and instill high patterns of discipline in order to make the students technologically superior and ethically strong thus improving the quality of human life.”

Vision

To deliver quality education and instill high patterns of discipline in order to make the students technologically superior and ethically strong thus improving the quality of human life.

Mission

To achieve and impart holistic technical education using the best of infrastructure and outstanding technical and teaching expertise to establish the students as competent and confident engineers.

Department of AERONAUTICAL ENGINEERING

About the Department

The Department of Aeronautical Engineering was established in the year 2004. The Department offers a 4-year B.Tech. degree programme in Aeronautical Engineering with an annual intake of 60 students with specific emphasis on engineering technologies and empirical mode of learning. The programme ensures that the student effectively meets the highest benchmarks of competence required by the industry.

Vision

Department of Aeronautical Engineering aims to be indispensable source in Aeronautical Engineering which has a zeal to provide the value driven platform for the students to acquire knowledge and empower themselves to shoulder higher responsibility in building a strong nation.

Mission

The primary mission of the department is to promote engineering education and research. To strive consistently to provide quality education, keeping in pace with time and technology. Department passions to integrate the intellectual, spiritual, ethical and social development of the students for shaping them into dynamic engineers.

Department of COMPUTER SCIENCE & ENGINEERING

About the Department

The Department of Computer Science & Engineering was established in the year 2004. The Department offers a 4-year B.Tech. degree programme in Computer Science & Engineering with an annual intake of 240 students with specific emphasis on engineering technologies and empirical mode of learning. The programme ensures that the student effectively meets the highest benchmarks of competence required by the industry.

Vision

To acknowledge quality education and instill high patterns of discipline making the students technologically superior and ethically strong which involves the improvement in the quality of life in human race.

Mission

To achieve and impart holistic technical education using the best of infrastructure, outstanding technical and teaching expertise to establish the students into competent and confident engineers. Evolving the center of excellence through creative and innovative teaching learning practices for promoting academic achievement to produce internationally accepted competitive and world class professionals.

Department of ELECTRONICS & COMMUNICATION ENGINEERING

About the Department

The Department of Electronics & Communication Engineering was established in the year 2004. The Department offers a 4-year B.Tech. Degree programme in Electronics & Communication Engineering with an annual intake of 240 students with specific emphasis on engineering technologies and empirical mode of learning. The programme ensures that the student effectively meets the highest benchmarks of competence required by the industry.

Vision

To evolve into a center of excellence in Engineering Technology through creative and innovative practices in teaching-learning, promoting academic achievement & research excellence to produce internationally accepted competitive and world class professionals.

Mission

To provide high quality academic programmes, training activities, research facilities and opportunities supported by continuous industry institute interaction aimed at employability, entrepreneurship, leadership and research aptitude among students.

Department of ELECTRICAL & ELECTRONICS ENGINEERING

About the Department

The department was established in the year 2017. The department constantly strives to be a center of Academic Excellence with focus on advanced technology and research by delivering the best quality technical education to the students in meeting the current and future challenges with emphasis on moral and ethical foundations.

Vision

To strengthen the department into a center of academic excellence with focus on advanced technology and research by delivering the best quality technical education to the students in meeting the current and future challenges with emphasis on moral and ethical foundation.

Mission

- To create and enrich academic environment with essential resources, so as to train and mould students to promote active learning, critical thinking with innovative ideas to solve real-world problems in the field of Electrical Engineering.
- To motivate and strengthen faculty to practice effective teaching learning process and advanced research and publication work.
- To enhance industry interaction and initiate best consultancy services

Department of INFORMATION TECHNOLOGY

About the Department

The Department of Information Technology was established in the year 2007. The Department offers a 4-year B.Tech. degree programme in Information Technology with an annual intake of 180 students with specific emphasis on engineering technologies and empirical mode of learning. The programme ensures that the student effectively meets the highest benchmarks of competence required by the industry.

Vision

To achieve high quality in technical education that provides the skills and attitude to adapt to the global needs of the Information Technology sector, through academic and research excellence.

Mission

- To equip the students with the cognizance for problem solving and to improve the teaching learning pedagogy by using innovative techniques.
- To strengthen the knowledge base of the faculty and students with motivation towards possession of effective academic skills and relevant research experience.
- To promote the necessary moral and ethical values among the engineers, for the betterment of the society.

Department of MECHANICAL ENGINEERING

About the Department

Department of Mechanical Engineering played a leading role in evolving the “Engineering Science” based curriculum. Mechanical Engineering is of great importance in most contemporary technologies. The Department of Mechanical Engineering was established in the year 2011 with an annual intake of 60 students, which has been increased to 120 from the academic year 2012-13 and to 180 in the academic year 2013-14.

Vision

To become an innovative knowledge center in mechanical engineering through state-of-the-art teaching-learning and research practices, promoting creative thinking professionals.

Mission

The Department of Mechanical Engineering is dedicated for transforming the students into highly competent Mechanical engineers to meet the needs of the industry, in a changing and challenging technical environment, by strongly focusing in the fundamentals of engineering sciences for achieving excellent results in their professional pursuits.

Department of MASTER OF BUSINESS ADMINISTRATION

About the Department

MBA Course was introduced in the year 2006 and twelve batches have successfully completed the MBA Degree with many distinctions. Most of the students are inducted into reputed companies and few of them have turned to be good entrepreneurs. The performance of the pursuing batch is promising and the department has been nurturing and developing students to register success in academics and shaping them into dynamic managers. The Department is one of the very few Institutions has got UGC Autonomous Status and Accredited with National Board of Accreditation (NBA), by NAAC 'A' Grade, Govt. of India for Quality Management Education.

Vision

To be an indispensable source in Management Education providing value driven platform for the students to acquire knowledge and shoulder higher responsibility in building a strong nation.

Mission

- To promote Quality Management Education & Research in pace with time & technology
- Integrate Intellectual Capital of Students to get transformed into vibrant leaders.
