WHEREAS 'MRCET', since its establishment, has played a vital role in providing the technical manpower and know-how to the country and in pursuit of research and is engaged in promotion of Quality Technical Education in India and offering instruction to under-graduate, post-graduate students of Engineering. With its good infrastructure and high intellectual repute, MRCET is one of India's most viable alternatives for technical education needs inputs/supports/expert advice and interventions for the completed projects in terms of pilot study, commercialization and technology transfer and needs to develop a Reserve Price Mechanism for incubation and transfer technology and also review and monitoring framework for the projects. It is ranked amongst the best technological institutions in the country and has contributed to all sectors of technological development. It has also been considered a trend-setter in the area of education and research in the field of science, technology, and engineering.

AND WHEREAS 'MRCET' and 'NRDC' recognize the respective strengths of the two organizations and accordingly agree to cooperate in the development of technologies and their successful transfer to industry for commercial exploitation and socio-economic benefits.

Now therefore, in consideration of the premises and mutual covenants hereinafter contained, the parties hereto agree as follow:

1. Subject to the conditions hereinafter contained 'MRCET' agrees to assign to 'NRDC' on a case to case basis technologies relating thereto (where the technologies have already been or shall be patented), for the sole and absolute right of licensing and commercial exploitation by 'NRDC'.
2. 'MRCET' also agrees to provide 'NRDC'/Licensee of 'NRDC' as the case may be, technical and engineering know-how relating to such Technology (ies) etc. consisting of documented technical information on the mode of working and using the same by an industry, as may be necessary to commercialize the said Technology (ies) etc. and associated patents/ designs/ copyrights/ trademarks etc. by 'NRDC' during the currency of this MOA being in force.
3. 'MRCET' agrees to provide a demonstration of the Technologies which are licensed by NRDC to the licensee at 'MRCET' on the scale at which the technologies have been developed by 'MRCET', within a reasonable time preferably within 60 days of the date of signing of the licence agreement by the licensee with 'NRDC' to familiarize appropriately qualified personnel of the licensee and provide expert assistance to the licensee for implementation of the licensed invention/process/ product/ technology etc.

Handwritten signature in green ink.

4. 'NRDC' agrees to give publicity to the availability of the Technologies assigned to it by 'MRCET' for commercial exploitation and also agrees to generate necessary market data/profiles, prefeasibility, feasibility and project reports, to promote speedy and effective licensing and commercialisation of the said Technology(ies), etc. 'NRDC' also agrees to inform the MRCET about the negotiations for deciding the fee to be charged from the prospective licensee at the time of transfer of technology.
5. In consideration of the assignment, provision of technical information and documentation and technical services as aforesaid by 'MRCET', 'NRDC' agrees to remit '70%' of the entire fees (Lumpsum Premium and Royalty) received by it from the licensees arising from the said commercial exploitation of the Technology(ies). The royalties payable to 'MRCET' shall continue for a fixed period agreed between 'NRDC' and the licensee, and 'NRDC' will apply its well established and time tested methods of monitoring the extent of exploitation of the said Technology(ies) to ensure full and effective payment of royalties by the licensee concerned.
6. The premia and the royalty agreed upon by 'NRDC' and the licensee and the period of licensing will be finalised by 'NRDC' in consultation with 'MRCET'.
7. In view of the cooperation provided for under this MOA, 'NRDC' agrees to advise 'MRCET' and render all possible assistance to 'MRCET' in the filing of patent applications (both in India and abroad) on Technology(ies), which 'MRCET' assigns or proposes to assign to 'NRDC' for licensing on the understanding that when the said patents are granted, 'MRCET' would assign those patents to 'NRDC' for commercial exploitation. All the expenses in obtaining the patent(s)/ design(s)/copyright(s)/trademark(s) etc. in India on the invention(s)/ process(es)/ technology (ies) etc assigned to NRDC shall be borne by 'MRCET'.
8. In consideration of the above covenants contained in the MOA, the 'MRCET' hereby agrees to keep indemnified the NRDC and its successors, executors, administrators, licensee(s) and legal representatives at all times against all possible claims or demands, damages or any action or proceedings commenced by the MRCET or any person or persons through MRCET or against the MRCET or the NRDC before any court, Tribunal or fora. All costs / legal expenses that may arise from such proceedings shall be borne by the 'MRCET'.

9. 'NRDC', after due consultation with 'MRCET' on case to case basis, hereby agrees, in case of revocation proceedings against a patent assigned to it by 'MRCET' to protect the said patent/design/trademark and underlying Technology(ies) and in such a case, the expenses will be shared in the same ratio of the revenue sharing i.e 30: 70 between the 'NRDC' and 'MRCET'.
10. 'NRDC' agrees to take all measures in its control to oppose Indian Patent/ design/trademark application(s) filed by other parties which application(s) may be detrimental to the invention/ process/ product/ technology etc. assigned to 'NRDC' by 'MRCET' and 'MRCET' agrees to provide 'NRDC' all assistance in this regard. The expenses in this regard will be shared in the same ratio of the revenue sharing i.e 30: 70 between 'NRDC and 'MRCET'.
11. In the event of any of the aforesaid IPR(s) assigned to 'NRDC being infringed and 'NRDC initiating or instituting any legal proceedings, after due consultation with 'MRCET', to prevent such infringement, 'MRCET' agrees, if so required by 'NRDC, to render all assistance to 'NRDC. The expenses in this regard will be shared in the same ratio of the revenue sharing i.e 30: 70 between 'NRDC and 'MRCET'. Similarly if the compensation is awarded by the court, will also be shared in the same ratio of 30:70 between 'NRDC and 'MRCET'.
12. In case 'NRDC' does not commercialise the assigned technologies within five years from the date of Assignment with 'MRCET', the parties shall meet and decide on the further course of action and if there are no immediate prospects of commercialization, the assigned technologies shall be reassigned to 'MRCET' and 'NRDC' shall not use the information relating to such technologies in any manner whatsoever, thereafter.
13. MRCET shall pay to NRDC as per the mutually agreed charges / fees to NRDC for all other consulting services required by MRCET on case to case basis.

WHEREAS, the Government wishes to assist the BUSINESS INCUBATOR through HOST INSTITUTION (HI) in Public Private Partnership (PPP) mode to help the entrepreneurial venture to succeed.

AND WHEREAS, the HI is willing to perform this assignment,

NOW, THEREFORE, THE PARTIES hereby agree as follows:

1.0 PREAMBLE

1.1 In order to support and promote untapped creativity of the individual innovators, Government has formulated a scheme for providing support for Entrepreneurial and Managerial Development of SMEs through Incubators" (hereinafter referred to as the "SCHEME"). The SCHEME envisages forging linkages of innovators and entrepreneurs with important constituents of the innovation chain, viz., research/academic institutes and business incubators, so as to leverage the available know-how, expertise, facilities and infrastructure in such institutions to help the entrepreneurial ventures to succeed.

1.2 It has been agreed by the Government to support Malla Reddy College of Engineering and Technology (MRCET) (Name of the BUSINESS INCUBATOR) located at Maisammaguda, Dhulapally, Secunderabad – 500100, Telangana State and hosted by the Malla Reddy College of Engineering and Technology (name of the HOST INSTITUTE) based on a request made by the BUSINESS INCUBATOR/HOST INSTITUTE and after obtaining necessary approvals:

2.0 RESPONSIBILITIES OF THE HOST INSTITUTE

2.1 The HOST INSTITUTE shall undertake to create (if not already created) an entity for undertaking business incubation and entrepreneurship development activities and executing obligations under the proposed SCHEME. This entity is referred henceforth as the BUSINESS INCUBATOR.

2.2 The activities of the BUSINESS INCUBATOR shall include:

2.2.1 Nucleation of new business ideas by creating the environment and opportunities for know-how providers, entrepreneurs and financiers to meet each other and form business teams;

2.2.2 Nurturing businesses in their start-up phase by creating and running an efficient business incubator offering not only space but also access to technology support, business mentoring, networks, scientific and information resources, and a generally conducive and supportive environment; and

2.2.3 Promoting and running an active program for identification, creation, acceleration and translation (into practice) of business ideas suitable for new venture creation.

2.3 The HOST INSTITUTE shall provide ready-to-use, dedicated space for housing and operation of the BUSINESS INCUBATOR.

TO WHOMEVER IT MAY CONCERN

We are pleased to know that the Lincoln University College, Malaysia, is proposing to set up Lincoln University in Australia. We already have a memorandum of agreement with Lincoln University College to offer various kind of twinning , credit transfer arrangement, student exchange and faculty exchange.

It will be our great pleasure to have an MOU with proposed Lincoln University Australia where we shall be to send fresh undergraduate and post graduate students. We also would like to have credit transfer arrangement with Lincoln University Australia provided the Government of Australia gives the approval. Currently in our College we have around (please write the number) students in various undergraduate and postgraduate levels. However we shall be able to send some students on the following discipline. The following numbers are very conservative.

S.No	Branch	Student numbers per year	Remark
1	Bachelor of Computer Science (Cyber security and Network)	120	No remarks
2	Bachelor of Computer Science (Artificial intelligence / software / Game design	120	No remarks
3	Master of Business Administration	240	No remarks
4	Master of Mechanical Engineering	30	No remarks
5	Master of Science in Electrical & Electronics Engineering	30	No remarks
6	Master of Computer Science	30	No remarks

We look forward working with Lincoln University in Australia .

Thank you

Dear Dr.VSK. Reddy garu

You've been a valuable member of the TASK family. We are glad that you chose to continue your association with us by renewing your membership. Together, we represent a community that is dedicated to making a positive difference to the quality of higher education in our state.

With the cooperation and support of esteemed members like you, TASK was able to achieve several milestones in the academic year 2018-19. We successfully skilled 45,302 students and 1145 faculty, in addition to organising over 250 placement drives and offering several internship opportunities.

We also launched new initiatives such as the Vaccine Skill Development program for life sciences students, IT MOOCs for polytechnic and degree students, drones workshop and Archibus training for the students of engineering, architecture and planning courses, and MasterStroke entrepreneurship talks for all registered students, to name a few.

New MoUs were signed with Safran Electrical & Power India Pvt. Ltd, GMR Aviation Academy, CYIENT, NSIC-TSC. Smart Infra-EST for core Engineering students, ServiceNow and AWS. We were chosen by CISCO as its Academic Support Centre and were also selected as a centre for Cambridge English Assessment.

Overall, it was a good year for all of us. This year, we have set more ambitious goals aimed at providing better skilling benefits for the students and faculty of the TASK family. The focus is on extending our spectrum of skill offerings to other core branches of engineering. We will keep you updated with the latest offerings we have for you.

We thank you for believing in the cause of empowering the youth of Telangana and continuing to work with us. We are working very hard to continue earning your trust and I personally look forward to serving you to the best of our capacity.

Yours sincerely

Dear Sir

Sub: College partnership programme

Greetings from British Council!

I would like to highlight that every year many engineering graduates from your renowned institute aspire to go to USA. For this, such students need to take IELTS (International English Language Testing System) exam for fulfilling their language assessment score. IELTS scores are considered as proof of English language proficiency by over 3000 higher education institutions and programs, including the top 25 universities and all IVY League colleges in USA.

As you are aware that in India, British Council conducts the IELTS exam in AP at three different cities (Hyderabad, Vizag, Vijayawada). We provide state-of-the-art experience to the students when they write exam with us.

Below are the benefits:

1. Quality test venues
2. High quality headphones for the listening module
3. Free 30-hour online training for IELTS – 'Road to IELTS'
4. Get a free preparation book with official examination papers and answers from Cambridge University Press
5. Get a chance to win a scholarship worth Rs.300000

For your institute, for the ease of the students, British Council would like to facilitate the services for IELTS registration. Your institute could partner with British Council and avail partnership benefits. Exclusive login id and password shall be provided for your institute.

To discuss in detail I seek your valuable time for meeting at your institute.

Waiting for your response!

Yours sincerely

Understanding for Academic Interchange

Between

Advanced Centre for Atmospheric Sciences, Dept. of Physics, S.V. University, Tirupati
(Sponsored by ISRO, Govt. of India)

And

Malla Reddy College of Engineering & Technology (MRCET)

This Agreement is made this date: (22/03/2019) between Advanced Centre for Atmospheric Sciences, Dept. of Physics, S.V. University, Tirupati, India (here after referred as to ACAS) and Malla Reddy College of Engineering & Technology (MRCET) Maisamaguda, Secunderabad-500 014, India, (here after referred as to "MRCET"). Both parties, desiring to promote and develop cooperation in research and education, by this Agreement to establish a program of educational cooperation and student and faculty exchange.

The parties agree to the following:

1. Students project provision in Advanced Centre for Atmospheric Sciences: MRCET at present is running B.Tech programmes in ECE, CSE, IT and Aeronautical Engineering. The B.Tech students in their II Semester of final year need to do a project work of about 3 months duration,(January to March each year). Considering the excellent laboratory and radar facilities and Atmospheric Sciences Laboratories at the SVU, students of ECE and Aeronautical Engineering streams can be allowed to do their projects there.
 - a. The nomination of students for the Projects: The Principal, MRCET will nominate students considering their academic achievements and their interest. The students normally do their projects in groups (batches), each batch comprising of 3 to 4 members. Initially two batches may be selected for the projects.
 - b. The Principal, MRCET will nominate a faculty advisor for the projects to organize and co-ordinate from MRCET. The MRCET faculty advisor will co-ordinate with Advanced Centre for Atmospheric Sciences faculty for selection of suitable topics for the student projects, considering the time limitations of 3 months for completing the projects.
