Campus Placements

MRCET is an acknowledged leader in creating campus placements and these are growing year by year at a rapid pace which is contributing to the brand status of the institution.

The T&P Cell works round the clock to ensure the students of the college gets placed in reputed companies. MRCET attaches greater importance to the students in their overall development, particularly in communication skills, problem solving capabilities and value added programs. This kind of holistic development ensures that the student is transformed into a perfect fit in today's competitive job market.

The training and placement cell has evolved and emerged as a destination for many national and multinational organizations to recruit the fresh talent nurtured in the campus. Over the years MRCET has proven its mettle in the industrial arena with continuous extraordinary support and encouragement from the Principal and persistent efforts by the Dean-placements

CAMPUS PLACEMENTS

The college has taken the credit for attracting Multinational IT Service and Product development companies across the globe for recruiting of our students in on-campus placements. In the journey towards excellence, many milestones were also set and accomplished by the department in terms of quality and quantity.

Our well-equipped campus placement training team is headed by **Prof. K. Kailasa Rao**, Dean of placements, along with a team of eminent professors with a proven track record and professionals who have made a mark in the industry. We introduce our students to the concepts of corporate culture and a sense of influential patronage. The dean of placements streamlines the Campus Recruitment and Training (CRT) activities creating a positive impact on the employment process and ensures that the potential candidates get absorbed into the companies of their choice.

Vision

To enhance employability skills of students by equipping them with an array of skills like Group discussion, Personal & Technical interview skills and soft skills to meet the requirements of Multi National Companies to make them technologically and professionally competent engineers.

Mission

To expose the students to the corporate work culture by organizing workshops, professional seminars, guest lectures and industrial training by experienced professionals from industry.

Why **MRCET** should be your first choice?

- ① Industry-oriented curriculum
- ② Technology Training and Certifications
- ③ Institution to corporate exposure
- ④ Interactive learning
- ⑤ International Career guidance
- ⑥ Skill development programs to suit corporate needs

Training & Certification Programs

Placement and Training Cell offers Career Development Program for the students who aspire to join corporate companies. The Training programs have been formulated after a thorough analysis of the requirement of these companies. Extra effort is put to design need-based training to students as requirement varies from company to company. We collaborate with reputed institutes in the field of training and recruitment to provide such training. They enable our students gain a competitive edge in the recruitment process, groom themselves and develop their personality. The training modules are formulated to improve our students' hard skills like- Pseudo Coding, Logical reasoning, Planning & Goal Setting, Programming Skills and Quantitative Aptitude and soft skills like Presentation skills, Group Discussion, Team

Building, Personnel Counseling, Planning and Goal Setting, Motivational Talk, JAM Sessions, and Interpersonal & Listening skills.

Online Assessments

As we understand that the assessments are a vital part in improving the students' aptitude skills, we offer students an Interactive, learning-centric, user-friendly,

robust test taking platform which gives immediate, insightful performance report with detailed explanation. We have experienced a huge improvement in the student's aptitude skills after we exposed them to such Online Assessment System.

Assessment Towards Success in Campus Placements:

- High quality tests are offered with varied difficulty levels
- Instant results for the students with in-depth analysis
- Explanatory answers are given for each question immediately after they finish the test
- Tailor made training programs can be designed according to the needs of the students based on the online performance reports generated after each test.
- Using mock electronic aptitude tests prepares students to get ready for any online test being conducted by any recruiting company. This gives ample exposure to students to face such kind of online tests.

Technology Training and Certifications:

- The College has taken initiative to enhance the employability skills of students through organizing group discussions, personal & technical interviews and soft skills to suit the requirements of Multinational Companies.
- Analytical, Reasoning, Logical, Verbal and Soft skills training with external experts.
- Machine Learning Training and Certification
- Python Training and Certification
- Servicenow Training and Certification
- Pega Training and Certification
- Oxford Achiever's Training and Certification
- Career guidance and counseling for higher education in India and abroad.
- JAVA Training and Certification
- Microsoft Development Application Training and Certification
- Cloud Computing Technology Training and Certification
- Big Data Analytics Training and Certification
- CISCO Networking Training and Certification
- CATIA/CAD Training and Certification
- Certification course on 3D Printing
