Tips for Complex Multiplication

The objective of this training is to increase the ability of students and to build a strong competency on employment. The training was well conducted and students were given many tasks to improve their skills. Also they were provided with work sheets where they practiced on the concern topics after the session was conducted. The students were very grateful to our beloved Principal Dr.V.S.K.Reddy Sir for facilitating the training sessions which were highly focused towards campus placements.

**THANKS**
