In the 21st century, women are more powerful than ever. Women are working in every possible field of work shoulder to shoulder with men. Women are reaching heights in every field from social, economic to a political and legal field. To celebrate the spirit of women empowerment every year March 8 is celebrated as **International Women's Day** worldwide. It is celebrated to show respect, appreciation and love towards women for the economic, political, social achievements. Various events organized on this day across the world, which are specifically focused on women. Some people celebrate the day by very purple ribbons.

To celebrate the true spirit of women, one day is not enough. Each day brings a new challenge and women are ready to face them.

In the college every year we celebrate women's day with a lot of enthusiasm, bonhomie and fanfare. The day started with pretty ladies in pretty pink color dress code grasped every ones attention . The talented and spirited young ladies sang, danced, mimicked and recited poetry on women power during the cultural program.
