It is impossible to imagine our lives without teachers. They are the cornerstone of our future. We can never thank teachers enough for their immense contribution in a student's life. Teacher's Day is celebrated to show our acknowledgement and recognition of the hard work put in by our teachers towards our development. 5th September is the birthday of a great teacher Dr. Sarvepalli Radhakrishnan, a staunch believer of education and a well known diplomat, visionary, statesman, scholar, President of India and above all a perfect Teacher. His footsteps, the teachers follow, is being proved on Teacher's Day.

It requires a lot of hard work and dedication to be a good teacher and earn the affection of students at the same time. Teachers mould the lives that they influence because the lessons learned from teachers remain with their students throughout life. We should always respect our teachers. Teachers need encouragement and support from the community to feel that their devotion to students is appreciated.
