

ORIENTATION PROGRAMME 2017 FOR FRESHMEN

Mallareddy College of Engineering & Technology organized an orientation programme for the newly admitted B. Tech students on 24 July 2017. The major objective of the programme was to formally welcome the newly arrived students to MRCET family and assist them in starting their academic journey. This programme aimed at making the parents and students aware of the academic aspects of the course, the rules and regulations of the Institute, ensuring parental participation in monitoring the performance and progress of the students. Around 960 students were present.

The programme was inaugurated with the singing of the national anthem followed by the lighting of the lamp by the Chief Guest, Shri. Ch. Mallareddy, Member of Parliament, Malkajgiri and other dignitaries.

The Chairman motivated students to participate in the development of the country by developing themselves. He encouraged students to innovate, learn and inculcate "thinking" by giving examples and quoting the views of renowned scientists Dr. A P J Abdul Kalam, Sir Isaac Newton and C V Raman. He urged students to set goals for success. He also inspired the new students with this wonderful thought, "One third of what constitutes a person is his genetic inheritance; another one third comes from the kind of upbringing he /she receives and the remaining one third from one's own self."

Further, Dr. VSK Reddy, the principal of MRCET, introduced the students to the heads of all the departments and started his speech by highlighting MRCET's excellence and mentioned that the college is graced by the guidance of the visionary Chairman, Sri Ch. Malla Reddy and the creditable new components introduced by him to the engineering students. He also added that to grow into a successful professional, an individual needs to have good leadership qualities, excellent communication skills, stress bearing capacity, innovative ideas and self-confidence. Our college organizes various seminars and workshops to impart these skills to its students. He stressed on the fact that students should start thinking on their own that will imbibe the sense of responsibility in them which will lead them towards a successful career. The Principal ended by forwarding best wishes and motivation to all the newly-

The first year HOD Dr. V. Madhusudhana Reddy informed the students and their parents about the procedures to be followed by the students. He discussed the various facilities available at MRCET. He encouraged all the admitted students to make use of those facilities to bring laurels to the institution. A detailed list of rules & regulations about discipline & other official formalities was instructed to the students, specifically stressed on the involvement and cooperation of parents and guardian with regards to classes, attendance and examination. The students were also made aware of syllabus, tests, term work, practical exams & overall academic pattern to be followed during the first year of engineering. He advised the students to take the right path to get success in their life.

Coordinator

The other department heads enlightened the audience about the boon to meritorious students to the society. And he also encouraged the students to develop leadership qualities. After the programme, students reported to their respective departments with great enthusiasm and zeal. The program ended with a significant impact on the students to motivate themselves to achieve great heights.

The session concluded with the vote of thanks by Dr. V Madhusudhana Reddy, Head of the Department of H&S.
