About MRCET

Malla Reddy College of Engineering & Technology (UGC Autonomous Institution) established in 2004, is approved by AICTE, New Delhi and affiliated to JNTU, Hyderabad. It is an abode of new thoughts, broader horizons and self-reflection. It is established with a view to impart quality student-centered technical education, so as to produce proven technocrats and to strive hard for continuous development and improvement in learning, research and developmental activities.

The Department of Humanities and Sciences (H&S) has been established with its main objective being "to deliver quality education and instill high patterns of discipline in order to make the students technologically superior and ethically strong thus improving the quality of human life." The department forms the backbone for all engineering disciplines and also enhances communication skills of the students. It is a center for excellence, where ideas are exchanged, curiosity is kindled, and minds are molded. It is supported by a committed team of teachers who aim to impart quality education.

About the FDP

"Tell me and I forget, Teach me and I may remember, Involve me and I learn" - Benjamin Franklin

Today the profession of teaching has become quite challenging. Being an educator is not just

about sharing knowledge; it is about making sure that learners truly integrate this knowledge and derive learning out of it. This intensive programme will focus on developing fundamentals of communication skills through interactive methods. This FDP will discuss and devise effective teaching pedagogies and to master interpersonal communication techniques to achieve the goals successfully.

This FDP aims to keep up with the ever-increasing demand for exchange of ideas, and expressing oneself effectively and to enhance the self development of the teaching community. The programme is specially designed to focus on the pedagogical development of academic community and encourage individual teachers to develop various competencies and enhance their self-efficacy in teaching profession.

Objectives

- To facilitate exposure to latest pedagogical methods classroom and to revive the teaching style, delivery of content, course preparation and management of changing paradigm shift in teacher-student relationship.
- To acquire and sharpen the skills needed to engage in English Language Teaching
- To collectively create various teaching and learning resources for the teaching of English language
- To update/upgrade the existing knowledge pool of the faculty
