Report of the Program

Title of the Activity: Demo Day of Innovations/Prototypes & linkage with Innovation Ambassadors for Mentorship Support

The event started at 11:00 am in lab 1005, ground floor of CSE 4 building on January 21, 2023. Dr. S. Srinivasa Rao, the Principal, Dr. T Venugopal, the Dean, Dr. P.H.V. Sesha Talpa Sai, Director (R & D), Dr. D. Sujatha, HoD CI and Dr. M. V. Kamal, HoD ET of MRCET CAMPUS took the charge and addressed the gathering about the Demo Day of Innovations/Prototypes & linkage with Innovation Ambassadors for Mentorship Support.

Objectives of the Activity: The session was conducted to promote innovations and a practice of development and analysis of real-life innovative projects among the students. The demonstrations of the projects always attribute to the students' desire to deliver improvements. The students were also motivated for entrepreneurship, and best projects are promised even for monetary support as well as mentorship support. Another objective of the demonstration day of the innovative projects and prototypes is to provide a mean for the students to introduce and experience innovative ideas as well as realize the drawbacks of the projects from expert reviewers.

Benefits in terms of learning/Skill/Knowledge obtained:

The main points are highlighted below:

- The session was conducted by the Department of Computational Intelligence and the Department of Emerging Technologies, MRCET combined.
- The session was conducted to promote innovations and spread a notion of analysis of real-life problems and how to come up with some innovative solutions for them.
- Several students turned up with many innovative projects and showcased the demonstrations of the projects in front of the other students, experts from different fields and delegates during the event.
- For newly admitted students, this demonstration event is able to sow the seeds of motivation and innovative ideas for their future projects.
- To evaluate the projects, two different panels of experts are formed each having two different experts from different fields of research.
- The Panel No. 1 experts are Dr. P. Harikrishna and Dr. Arundhati Das from the Department of Computational Intelligence, MRCET. The Panel No. 2 experts are Dr. B. Saritha from the Department of Computer Science and Engineering and Dr. I Nagaraju from the Department of Emerging Technologies, MRCET.
- They have evaluated the projects considering the parameters "Motivation and Objectives", "Problem survey", "Subject knowledge", "Originality", "Presentation" and "Objectives achieved".
