REPORT ON INTELLISPURT

INTELLISPURT is a tech fest that took place for the very first time for our department on the 27th and 28th of January 2023. This event is a platform for tech enthusiasts to showcase their skills and compete against some of the brightest minds in the industry. The fest featured a wide range of events, each with outstanding prizes and certificates.

One of the highlights of the fest is our hackathon, which is a competition that gives participants the opportunity to showcase their skills in coding, problem-solving and creativity. The hackathon was open to all students and professionals who are passionate about technology and wanted to put their skills to the test. The top performers in the hackathon were recognized with prizes and recognition, making it a great way to showcase their talents and potentially make some new friends.

Another exciting event that was conducted at INTELLISPURT was our flash mob event. This event brought together a group of people to perform a coordinated dance routine in a public place. The flash mob event was a great success as we won the first prize in the inter-department competition.

The detailed schedule of the 2 day event is given below:

Day 1

Technical events were conducted on the 27th of january which was the first day of the tech fest.The events that were conducted are given below:

Poster presentation
Paper presentation
Debate competition
Hackathon
Fastest Fingers First
Tech quiz

All the events conducted were a grand success and the event concluded at 4.

Day 2

Non-Technical/Cultural events and the flashmob event was conducted on the second day of the event where our department one the first prize.The other events that were conducted are given below:

Drawing competition

Stand up comedy

Memes

Instrumental Music

Photography

E sports

Singing

The second day ended with a bang where all the students and faculty danced to the tunes of the drums.

This was the first event that was conducted for the department of computational intelligence that successfully came to an end on 28th January 2023 and it was attended by many students which they enjoyed to the fullest with the help of our beloved HOD ma'am and faculty.
