DEPARTMENT OF COMPUTATIONAL INTELLIGENCE

REPORT ON FRESHER'S DAY

Every student looks forward to their most memorable college event, the "FRESHER'S PARTY" or "PARICHAY," from the day they are admitted. Every new student in the academic year 2022-2023 batch at the MRCET campus will always remember November 21, 2022, as a special day. The day of the new students was one of anticipation, pleasure, music, fervor, laughing, and happiness.

It's the day when juniors(2nd yr-AIML,AIDS,CSE-AIML) and seniors(3rd yr-CSE-AIML) get together to finally commemorate their shared membership in the college. The "COMPUTATIONAL INTELLIGENCE" organization welcomed the students with great excitement. In the same way that sunshine not only dispels the darkness of night, but also brings benefits and pleasure into our lives, light is thought to be exceedingly holy and a sign of wealth.

Our dignitaries DIRECTOR SIR, PRINCIPAL, DEAN SIR AND HOD MAM lit the lamp to mark the beginning of the ceremony and invoked the blessings of Goddess Saraswati.

You have more chances to get to know your classmates and form bonds with them outside of the classroom. In the first few weeks of college, freshmen are a great way to relax and blow off steam. It's a means of getting out and making new friends. It's a way to push yourself past your comfort zone.

The competition was divided into three categories based on singing, dancing, drama, and the Mr. & Ms. Fresher's of PARICHAY 2k22 main event.

When it comes to students of COMPUTATIONAL INTELLIGENCE, they never miss a single opportunity to receive such blessings, and the opening act of Pranavalaya was performed by students for the same. This was followed by solo dance, dance battles, group dances, etc.
