Report on Teacher's Day Celebrations held on 05/09/2024

Teacher's day is celebrated all over our country on the 5th of September. It is celebrated as a mark of tribute to the contribution made by teachers to the society. It is a day celebrated to show the teachers our appreciation towards them and their hard work and impact that teachers have in our lives.

Teachers are the ones that hold knowledge and empathy for their students. The most important person behind the success of a student is his or her Teacher. Without the help and guidance of teachers, students would not be able to understand about their lives. We celebrate Teacher's Day on the fifth of September because it is the birthday of India's former President, Dr Radhakrishnan. He was a person who loved and adored children. Dr Radhakrishnan would fill in as a teacher, and the students loved him. Teachers leave a significant impact on each person's life. They help , motivate and guide the students to become the best version of themselves.

In 1962, when Dr. Radhakrishnan became the President of India, he was approached with a request of celebrating his birthday. He said, "Instead of celebrating my birthday, it would be my proud privilege if this day is observed as Teachers' Day". This showed his love for the teaching profession. From then onwards, this day is celebrated as Teachers' Day in India.

Teachers mould the lives of the students by guiding them, by enriching their personalities, by imparting ethical and moral values and have more influence on them. Teacher's Day is celebrated

with great enthusiasm in many parts of the world. This day is dedicated to the teachers with the sense of respect, appreciation, encouragement and support for their devotion to their students.

Students of Computational Intelligence department have celebrated teachers day on 5th September to show their gratitude towards faculty. Teachers are the cornerstone of students' future.

Few students expressed their gratitude towards faculty through speech. They organized several events and presented stage performances to entertain the teachers and express their love and respect towards faculty. Dr.D.Sujatha Mam, HoD of CI and the faculty members appreciated students for their efforts in organizing such a nice event which bought some relaxation to them from their regular work and enjoyed themselves. Event concluded with insights from the Faculty.

Glimpse of Teachers Day Celebrations
