### Description of the event

A game was organized where participants were divided into teams. Each team was assigned a word from a pre-selected list. The challenge for the teams was to sing a song that included their given word. A time limit was set for each team to perform. The teams had to be creative and find a song, or make up one, that incorporated the word. The atmosphere was lively as each team took their turn. The competition tested both musical and improvisational skills. The goal was to entertain while ensuring the word was clearly featured in the song. The game encouraged teamwork and quick thinking. Ultimately, the most fun and creative performance won the game.
