DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

REPORT ON PARENT- TEACHERS MEET 2025

The **Department of CSE** organized a **Parent-Teacher Meeting (PTM)** for **third-year students** on the **27th and 29th of April 2025** at the **MRCET campus**. Parents were informed well in advance through class teachers and mentors via messages and official student group communications.

Around **50 parents** participated in the meeting and visited the campus. The event facilitated meaningful interactions between **parents and faculty members**, including class in-charges, subject faculty, and mentors. Discussions revolved around:

- Students' **academic progress** in individual subjects based on their **MID-term examination performance**

- Review of the **previous semester results** (3-1 for third-year students and 2-1 for second-year students)

- Observations on **student behavior**, **discipline in the classroom**, and **attendance records**

All four section class teachers from both third-year and second-year batches, along with the **Head of the Department (HOD)**, met each parent individually to share detailed feedback on their ward's academic and behavioral performance. Many parents expressed appreciation for the initiative and suggested conducting such interactive meetings **annually** to ensure continuous academic support and collaboration.

Feed Back:

During the meeting, one of the parents expressed appreciation for the department's academic approach and conveyed satisfaction with the **placement support and arrangements** provided by **MRCET**. Several parents were pleased with their ward's academic progress, while a few others raised concerns about their child's underperformance. These parents requested the **class teachers and the HOD** to provide additional support, such as **previous years' question papers and a list of important questions**, to help students **overcome backlogs** and improve their academic standing.

In conclusion, **Dr. S. Shanthi, Head of the Department of CSE**, commended all the class teachers and mentors for their sincere efforts in **successfully organizing the Parent-Teacher Meeting**. She also extended her heartfelt thanks to all the parents for their **active participation and valuable feedback** during the session.
