Best Wishes from...

Dept. of CSE

**MRCET
(Autonomous Campus)**

Deans, Principal, HOD, Faculty Members and Students of CSE Department of MRCET had participated in the above event.

Mr. Chandrashekar Reddy, (Assistant Professor) welcomed all the dignitaries, faculty members, 3rd Year and 4th year students.

Director Dr. VSK Reddy has congratulated the students who got placed in various companies and applauded the work and commitment of the placement cell even during this pandemic situation. He also encouraged 3rd year students to take up various certification programs and courses to enhance their skills and excel in the placements.

Principal Dr S Srinivasa Rao,

Congratulated all the students for their immense work, bringing glory to the Institution. He said that, all the hardships of the students have not gone in vain and said, among all the departments, the role of CSE is very imperative and also thanked Mr. Kailash Rao and Mr. Kamal and his team for its success and assured that, Parents will feel confident to join their children in this institution.

Dr T Venugopal Dean & HOD-CSE:

Congratulated all the students and Mr. Kailash Rao for his achievement in training and placement cell and advised Students on day-to-day self-assessment. He proclaimed that, under the guidance of Mr. Kailash Rao, we have the strongest training and placement cell and the Placements are growing year by year and almost reaching 100%.

Mr. Kailash Rao, Dean-Placements, Director (CSE/IT) :

Congratulated 4th year students and suggested, to move in the corporate world, the students should be smart enough and they should be adaptable and to be excelled in new technologies like ML, AI, DATA SCIENCE ETC. He requested 3rd year students to concentrate on their academics and also to practice logical ability, coding and communication skills.

Dr. D. Sujatha. Former HOD-CSE :

Congratulated all the students and the giants who were behind their success and wished all the success for 2021 pass out batch. Crossed double century and hope 3rd year will do the same and appreciated all the teachers and co coordinators of 4th year students for their continuous support.

Prof. P. Sanjeeva Reddy, Dean International Studies, Director, School of Electronics & Communication Engineering:

Said, even though, the current situation is not good, students are tried on their best and got opportunities in top companies. He also advised the interested students to go abroad to pursue higher studies in top universities as we have MOUs with top Universities and can get scholarships for our students.

Mr. M V Kamal, Associate Professor, Overall Coordinator - Training & Placement Cell, MRCET:

Pointed out the happy faces of students, Faculty members, HOD and especially Mr. Kailash Rao for their achievements. He mentioned that without the support of our Director VSK Reddy Sir, it is not possible to achieve this excellence. Student assessment partners such as AMCAT, COCUBES, REFERENCE GLOBE conducted tests and forwarded scores to top companies. 42+ companies visited virtually during the academic year 2020-21.

Mr. N. Shiva Kumar, Asst. Professor & Placement Coordinator from CSE

In his vote of thanks, he thanked all the higher officials for spending their valuable time to enlighten the students and also thanked all the faculty members for their great support and encouragement to the students. He finally appreciated all the students for their great achievements and congratulated them.

Finally, 4th year students shared the experiences of their success and advised them to improve their communication skills by attending CRT program conducted in the college and also to participate in co-curricular & extra activities. Some students advised them to have in-depth knowledge in some of the branch subjects like CN, DBMS, C, C++, JAVA, PYTHON etc. One of them suggested to build strong resume also to learn resume preparation skills.

The event end at 2.30pm with lot of guidance, encouragement and wisdom shared to the students to motivate them to be successful.
