## Infrastructure

The philosophy of MRCET is to support the best elements of competition, instruction and recreation by providing the opportunity for all students to participate and excel in a team setting. And it encourages the students to participate in inter and intra college sports and games. All necessary equipments are provided to student time to time. Numbers of tournaments & competitions are arranged by the college.

We have the broad vision for students all round personality. Our college Unified Sports was inspired by a simple principle: training and playing together is a quick path to friendship and understanding. Options abound for students to play like a Tiger whether it be through a college team or intramural program.

MRCET boasts a magnificent a weight-training room, two basketball courts, volley ball, throw ball and kho-kho courts suitable for multipurpose use, and a versatile outdoor cricket area.

### Facilities at MRCET Sports Center:

#### Gymnasium:

Our college hosting one of the best weight rooms on campus, the facility also hosts personal training sessions, and adapted fitness programs that can accommodate athletes and students who wish to overcome their own limitations and achieve new heights in personal fitness.

#### Volley ball:

This is a very popular game amongst the students at MRCET. Volleyball is a team sport in which two teams of six players each are separated by a net. Each team tries to score points by grounding a ball on the other team's court under organized rules.

#### Basket ball:

Basketball is one of the world's most popular and widely viewed sports. This game is very good to increase the stamina of the player and also the height. Our college has a very efficient basketball team who participated in different matches in and outside the campus.

#### Throw ball:

It is a non-contact ball sport played across a net between two teams of seven women players on a rectangular court. It required some skills where our college students encouraged a lot and given a wide range of opportunities to participate in statewide competitions.

#### Foot ball:

Although India is not a key player of football in the World scenario, MRCET has pretty strong teams. The College organizes Football League every year.

#### Kabbadi:

Kabbadi is our one of the favorite sports in India now. The college has given the faculties to the players to achieve the heights of the spirit in Kabbadi.

#### Badminton:

This is a racquet sport played by either two opposing players (singles) or two opposing pairs (doubles), who take positions on opposite halves of a rectangular court divided by a net. It promotes physical fitness; it helps to reduce stress and anxiety. In addition to, improving flexibility, players also gain muscle strength and endurance.

## Cricket:

Cricket is the most popular game our country plays. MRCET boasts of having four different cricket teams in the campus.

## Athletes:

Athletics is an exclusive collection of sporting events that involve competitive running, jumping, throwing, and walking. The most common types of athletics competitions are track and field, road running, cross country running, and race walking. MRCET has a very efficient team of athletes. Team doesn't only take part in the sporting events held in the college, but also participates in the competitions held in other Institutes across the state and country.

## Chess:

The primary motto of the club is to popularize chess as a hobby among the students. The sports center organizes workshops on chess by professional players.

## Table tennis:

Table tennis also known as ping-pong is a sport in which two or four players hit a lightweight ball back and forth using a table tennis racket on a hard table divided by a net in the middle. The game is very fast paced and demands quick reactions. This game helps in developing concentration.

## Caroms:

It plays a vital role in molding the personality of each individual. To improve skills like counting, reading, visual perception, and eye hand coordination etc... The college has taken stern initiation to build strong personalities.

## Hand ball:

Handball can be very beneficial both physically and mentally. As a team game, it also plays an important role in developing social and interpersonal skills, which promote a healthy level of self-esteem.

## Kho-kho:

It is one of the favorite games among students. To stimulate the imagination of the players/students and allows the players to adapt and resolve problems. It arouses curiosity that results in creativity and discovery.
