

Research Scholar Summit 2018

On 3rd-4th Dec,2018

A two days seminar on research methodology and how to write research paper was organized by the department of mechanical engineering on 3rd and 4th December 2018. In APJ Abdul Kalam seminar hall in Mechanical department.

This summit is about the significance of young scholars and how they can play an important role in development of academia. Also highlighted on the pressing need for educational collaborations between the Universities and other institutions of learning in India and for fostering a deeper people to people ties. The young and energetic minds presented their ideas on multi-faceted understandings about research methodology.

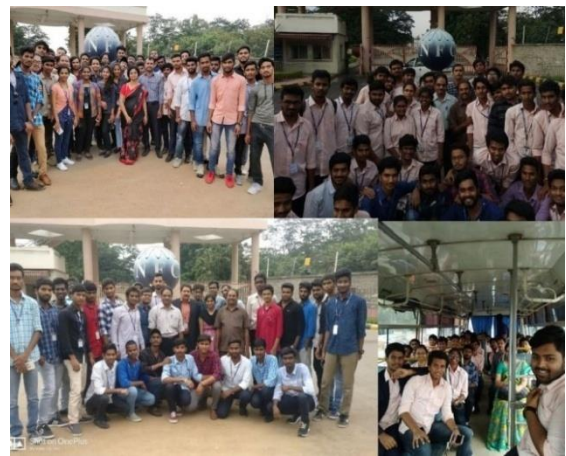

Industrial Visit To Nuclear Fuel Complex (NFC)

On 17th -19th Sept, 2019

3rd year Mechanical students visited Nuclear Fuel Complex, Hyderabad.

For Mechanical Engineering Department, Industrial visits represent an important activity in our undergraduate and post graduate engineering programme that contribute to the achievement of various essential learning outcomes and programme objectives.

Visits to Industries also serve the purpose of inculcating the good qualities of integrity, responsibility and self-confidence in our students. Department uses regular industrial visits to help the students about the safety practices and regulations inside the industry and to instill the spirit of teamwork and good relationship between students and employees.

TEJAS 2018-Engineers Day Celebration ON 15TH Sept, 2018

Engineers operate at the interface between science and society. To identify the greatworks done by our hard working engineers each year 15thSeptember is celebrated as Engineers' Day marking the birth day of Sir Mokshagundam Visvesvaraya, recognizing his contributions in the field of hydel energy in India.

On this occasion, The Mechanical Department of Malla Reddy College of Engineering and Technology organized various events to bring out the hard efforts of engineers and to bring their ideas from mind to market.

National Superkart Championship (NSC), On 25th - 27th Sept, 2018

TEAM NIGHT FURIES

(A Students Group of 4th Year Mechanical)

Participated In National Super kart Championship (NSC),Hyderabad

From 25th Sept 2018 To 27th Sept 2018

Automobile competitions has always been alluring for the engineering students. The National Super Karting Championship (NSC) powered by SR Motorsports and Venago innovations boasts of having a mega platform for engineering students and being a leader in Go-karting competitions section for the past two years.

The championship aims to provide to the students an opportunity to show their technical deftness on emulative basis, engender and learn practical knowledge and reaffirm themselves in thrilling race.

The event was conducted for three days – September 25-27, at Hasten Go-Karting, Gurranguda where a total count of 40 Karts involving 800 students appeared. A prize money up to Rs 7 lakh has been announced for the winners. Chief guests Harinath Reddy, ACP cyber cell, Jalandar Reddy attended the event and started the main endurance race.

Teachers Day Celebrations On 5th Sept, 2018

The Mechanical Department, MRCET students celebrated the Teachers Day at Dr. A.P.J Abdul Kalam seminar hall.

To mark the great Teacher & Philosophyist, Dr Sarvapalli Radhakrishnan's Birthday, Teachers Day was observed and celebrated on September 05, 2018 Both the students & staff of the Department gathered joyfully for the celebration.

The function was inaugurated with lamp lighting by Principal Dr. VSK Reddy. The program commenced with seeking blessing from god by Saraswati Vandana, followed by welcome skit and this high lightened the importance of teachers in one's life.

TARANG-Wave of Joyous Moments On 4th Aug,2018

A welcome party by 3rd year students to 2nd years to the department on 4th Aug, 2018 at A.P.J Abdul Kalam seminar hall.

VISION

To become an innovative knowledge center in mechanical engineering through state-of-the-art teaching-learning and research practices, promoting creative thinking professionals.

MISSION

The Department of Mechanical Engineering is dedicated for transforming the students into highly competent Mechanical engineers to meet the needs of the industry, in a changing and challenging technical environment, by strongly focusing in the fundamentals of engineering sciences for achieving excellent results in their professional pursuits.

QUALITY POLICY

- To pursuit global Standards of excellence in all our endeavors namely teaching, research and continuing education and to remain accountable in our core and support functions, through processes of self-evaluation and continuous improvement.
- To create a midst of excellence for imparting state of art education, industry-oriented training research in the field of technical education.
