

## A PROGRAMME ON ROBOTICS

A programme on 'Robotics' was organized on 25<sup>th</sup> February under the great visionary, the Principal Dr.V.S.K.Reddy and the effectual leadership of Dr. Madhusudhana Reddy, the Head of the department of Humanities and Sciences. The trainer, Mr. Sakyasingha Mahapatra enlightened and created interest among the first year students of EEE and ECE to learn the basics of robotics. The students were enthralled by the demonstration by the SakRobotix team.

SakRobotix is an Indian Robotics Startup that designs, develops, research, and sells Robots, Robotics DIY KIT, Robotics toys, and offers online robotics education. SakRobotix has trained more than one Lakh students on robotics since its inception by organizing various robotics workshops & programmes across India.

The first year students were enthralled with the demonstration by the SakRobotix team.

The Principal, Dr VSK Reddy felicitated the guest with a memento.

*Students being made aware of the basics of Robotics*
