

THE RIGHT WAY TO LEARN ENGLISH

An amazing talk on 'Tips to learn English' was organized by MRCET on the 3rd day of the induction programme held on 4th of November, 2022. The prominent speaker was Mr. Gampa Nageswar Rao, the founder of the Impact foundation. Mr. Rao captivated the students with his story telling skills. He asked the students to be persistent to learn English and urged that consistency is the key to success. His ability to personally connect with the audience made his talk more effective.
