

Malla Reddy College of Engineering & Technology

(Autonomous Institution-UGC, Govt. of India)

Department of **Humanities and Sciences**

Report of the Program

Title of the Activity: National Science Day, 2025

Date & Time: 28th February, 2025.

Duration (in minutes): 180 Minutes (3 Hours)

No of Student Participants: 300 Students

No of Faculty Participants: 20

No of External Participants: 10

Expenditure: 5000

Mode of Delivery: Offline

Objectives of the Activity (In 100 words):

- To recognize the role of young minds in India's scientific and technological progress.
- To celebrate India's scientific achievements
- To encourage young minds and to recognize groundbreaking contributions
- To align with the vision of Viksit Bharat 2047, which aims for a developed and selfreliant India.
- To promote scientific thinking and highlight the importance of science in everyday life.
- To raise awareness about indigenous technologies that can contribute to the country's development and well-being.
- To pursue careers in science and technology, contributing to the nation's development and progress.
- Promote national and international solidarity for shared science between countries.

• To draw attention to the challenges faced by science in raising support for the scientific Endeavour.

Benefits in terms of learning/Skill/Knowledge obtained (In 150 words):

- It emphasizes youth empowerment in science and innovation, aligning with India's vision for development.
- Inspires scientific curiosity and leadership among young minds.
- For human welfare, it is also necessary to understand and display efforts and achievements in the field of science.
- To provide an opportunity for people who want to develop their careers in the science field. To encourage people and popularize science and technology.
- Despite many significant achievements, certain sections of our society are still guided by blind faith and beliefs, which is reflected in the quality of decision-making on developmental issues that require change.

Any other points about the program:

On the occasion of National Science Day 2024, Department of Humanities and Sciences of MRCET conducted Science Quiz, Elocution, and Poster Presentation competitions for the students of I B. Tech. Large number of students actively participated in the program with great enthusiasm and shared the knowledge and ideas.

The theme of the competition for the year is "Empowering Indian Youth for Global Leadership in Science & Innovation for Viksit Bharat" Dr. V Madhusudhana Reddy HOD, H&S, Dr. S. Srinivasa Rao, Principal, and Dr. T. Venugopal, Dean and faculty members took part in the program and motivated the students. All the students who actively participated in the competitions and the winners of the competitions were appreciated with certificates and prizes.
