

"STARTING STRONG: COEVAL 2K24"

Coeval is a celebration of new beginnings, a chance to meet fellow students, and an opportunity to immerse oneself in the vibrant culture of the college. The day is designed to help the new students feel welcomed, informed, and inspired as they embark on their academic journey.

At MRCET this day is an opportunity to showcase the artistic and cultural talents of current students. This included live performances, such as music, dance and skits which not only provided entertainment but also gave a glimpse into the vibrant cultural scene of the college.

By meeting peers, engaging with faculty members, and getting familiar with the campus, freshers quickly find that they are part of a larger network of support and shared experience.

The first day of college can be overwhelming, and Freshers' Day provides a structured yet fun environment that helps ease any uncertainty. With a clear introduction to the campus and its resources, students feel more confident navigating their new surroundings.

Freshers' Day is all about creating memories. Whether it's making new friends, participating in fun activities, or watching a live performance, the day marks the beginning of an unforgettable chapter in a student's life.

This event was organised on the 30th of November, 2024.
